

Exhibit No. 15Date: 4/8/15Bill No. HB 433

Judiciary
Dear Chair and members of the (S) Education

Committee, for the record my name is Mike Fellows, representing the Montana Libertarian Party. We rise in support of HB 433, in providing options for parents in the education of their children. Education is the issue whether it's private, public or home schooled. We must remember it's our money as tax payers first and foremost. If public schools are doing their job, then those schools should not fear school choice. Providing a tax credit for parents to make those important educational choices for their children is a good idea and worthy of consideration. After all, were talking about educating our youth. I'd recommend a do pass on HB 433. Thank you for your time on this issue.
